

# MAGIC KERMESSE

**A SHADOW PUPPET THEATRE SHOW  
WITH LIVE MUSIC!**

**«Roll up, roll up!»**

The shows setting is a fair in Brussels in the 1930s. Just imagine the number of people strolling about and everything that there is to experience! A young boy and his dog are enticed by the smells, the noise, the stream of people and the fairground attractions - the Big Wheel, hot dog stands and the Ghost Train. Things get really exciting when the little dog disappears and the boy sets out to find him. The vibrant atmosphere of the fair is brought to life by live music and sound effects. It is a lot of fun to see how the music is made, and how it is complimentary to the shadow images. All the fun of the fair! Come along for the ride!

Behind the screen, two actor-puppeteers manipulate more than 250 silhouettes. In front of the screen the shadows are accompanied by a versatile musician (saxophone, trumpet, flute, melodica, drums and all sorts of percussion...)
